This spring, Eastern Shore Community College is again offering new shared distance learning courses through Northern Virginia Community College's Extended Learning Institute (ELI). ESCC students will have the opportunity to take unique online courses that offer a broader choice of career and educational content. These shared courses can also help students earn those last few credits needed for degree completion. Additional benefits include online tutoring, career counseling, 24/7 help desk and virtual student social activities through ELI. ESCC will also have a success coach on hand to help students every step of the way.

For more information, contact Kim Grewe at kgrewe@es.vccs.edu or 757-789-1773.
